

# ALPHA WRIGHTS

Custom Steel & Wood Fabrications

---

## About Us

We are a custom fabrication business based in Nairobi, Kenya, dedicated to delivering high-quality steel and wood works. Our craft blends modern design with durable construction, ensuring every product is functional, aesthetic, and long-lasting. Our expertise covers a wide range of fabrication projects — from custom gates, railings, and furniture, to interior and exterior structural designs. Every piece is crafted with precision and attention to detail, reflecting our commitment to quality and creativity.

We aim to make it easy and simple for clients to discover exactly what they need, view clear samples of our work, and connect with us for custom designs that truly stand out.

## Our Mission

To authenticate our craft through innovative designs, strong materials, and client-centered service — ensuring that every project reflects excellence and reliability.

## Website Inspiration

We share over 90% of the services offered by the following business and would like to model our user experience and portfolio presentation after them:
